PROFESSIONAL EXPERIENCE

Digital Marketing & IT Executive, Oliveira Lawyers

Oct 2024 - Jun 2026

- Ran WordPress end-to-end across a large legal website: page builds, TagDiv layouts, HTML/CSS cleanup, custom structures, SEO fields, FAQ schema, internal links, image handling, and page QA.
- Built and maintained legal content clusters for immigration, real estate, probate, private wealth/family office, local counsel, office pages, attorney profiles, client-review pages, and city/state content.
- Led paid-media and measurement workflows across Google/Meta/TikTok: keyword review, negative keywords, budget caps, campaign recommendations, Performance Max controls, conversion tracking, and Google Ads/Acuity booking measurement via GTM/GA4.
- Operated YouTube and social workflows: titles, descriptions, SRT correction, thumbnails, playlists, end screens, first comments, Opus/Metricool scheduling, livestream clipping, TikTok growth, and coordination with video editors.
- Handled frontline comments/DMs and sensitive lead-routing while avoiding unauthorized legal advice; directed prospects to official consultations, email, or team members as appropriate.
- Coordinated brand protection and security documentation: scam/fraud reports, IC3 submissions, DMCA takedowns, evidence folders, suspicious-email preservation, DMARC/SPF/DKIM coordination, and public fraud alerts.
- Created internal SOPs and coordination documents for office Facebook pages, official links, logo/watermark rules, video-editor requirements, plugin audits, and page-building QA standards.

Digital Operations & Product Support Specialist, Brazil Safe Closing

Dec 2025 - Jun 2026

- Supported CPF Assist, Title Record Snapshot, and Non-Resident Bank Assist operations: app-flow testing, Stripe/payment checks, order-status review, admin dashboards, support routing, and developer bug reports.
- Built and refined BrazilSafeClosing.com content infrastructure: homepage updates, pricing page, knowledge hub, FAQ, app cards, trust blocks, social profiles, Google Business Profile, and review widgets.
- Drafted and maintained support/legal-adjacent operations documents including Terms of Service, Privacy Policy, Refunds & Cancellations, Referral Disclosure, Cookie Policy, and app-specific timeline/disclaimer wording.
- Coordinated with developers and internal processors on app navigation, headers, favicons, pricing consistency, document requirements, application handoffs, client-support escalation paths, and follow-up status clarity.
- Managed BSC inboxes and support aliases, prepared client replies, forwarded applicant details to the correct team member, monitored applications, and supported trust/reputation setup including Reclame Aqui and Trustindex/Google reviews.

Digital Strategy Specialist, Camila Saunier International Realty

Oct 2024 - Jun 2026

- Managed and improved the real-estate website: WordPress updates, custom plugin/workflow support, UX/layout refinements, property-listing pages, CTA standardization, SEO hygiene, and page-speed considerations.
- Owned property-listing workflows: asset collection, image resizing/compression, standardized templates, accurate specs/galleries/CTAs, listing pages, property posts, and publishing QA.
- Built real-estate content systems for Brazil city/neighborhood pages and service pages, including SEO titles, meta descriptions, schema, internal links, CTA placement, and page-level asset management.
- Ran social media and YouTube operations: video uploads, title/description optimization, SRT review, thumbnails, playlists, property videos, Metricool scheduling, and consistent short-form publishing.
- Coordinated with video editors and asset sources: selected licensed background music/footage, verified Envato downloads, handled copyright/Content ID issues, and maintained rights records.
